FASTENERS

These are the fasteners used in the assembly of Perfect Spaces Storage Systems:

Drawer Face Screw

Wood Screws
(1¼", 2", 3")

Rafix Connector Stud

Sharpie
(½" & ¾")

Shelf Pin

Pan Head Screw
(⅝")

EZ Anchor

L-Bracket

Mending Plate

Euro Screws
(Short / Long)

Breakaway Screws (Gold / Silver)

When purchasing your first closet you will receive a supply of fasteners adequate to complete the installation of your storage system. On your next closet order you will need to include a parachute bag stocked with a supply of fasteners. Please see the "Parachute Bags & Fasteners" guide/video for details.

Need more installation information?

Scan this QR code for detailed procedures and helpful technical tips in our full installation manual.

Identify the front and rear of the rollout shelf panel- the rear edge will be unbanded.

Separate the two sections of the ball bearing slides by extending them while squeezing the black lever on the smaller rail and pulling. The small rail is to be mounted on the sides of your shelf.

Align the rails so that they are flush with the front and top edges of the shelf.

Fasten the rails to the shelf using 5/8" sharpie screws. Two screws per rail is adequate.

Install the outer portion of the slides to the vertical panels using **long euro screws** in the system holes.

Slide the shelf rails onto the slides until they lock.
