FASTENERS

These are the fasteners used in the assembly of Perfect Spaces Storage Systems:

Drawer Face Screw

Wood Screws
(1 1/4", 2", 3")

Rafix Connector Stud

Sharpie
(1/2" & 3/4")

Shelf Pin

Pan Head Screw
(5/8")

EZ Anchor

L-Bracket

Mending Plate

Euro Screws
(Short / Long)

Breakaway Screws (Gold / Silver)

When purchasing your first closet you will receive a supply of fasteners adequate to complete the installation of your storage system. On your next closet order you will need to include a parachute bag stocked with a supply of fasteners. Please see the "Parachute Bags & Fasteners" guide/video for details.

Need more installation information?

Scan this QR code for detailed procedures and helpful technical tips in our full installation manual.

**For installation flexibility, belt racks can slide in either direction.*

A stopper is installed to limit sliding based on installation orientation.

Separate the rail from the rack by squeezing the black lever while extending fully.

Align the rail with the front edge of your vertical panel and install a 5/8" sharpie screw in the front hole.

Level the rail and install a second screw in the rear hole.

Slide the rack back onto the rail.

Install the black plastic stopper in the front of the rack as shown to prevent the rack from sliding in the undesired direction.
